## WHO WE ARE

Altia, the fastest-growing property company in Cyprus, with headquarters in Nicosia and a local presence in Limassol, Paphos, and Larnaca, has quickly established itself as a prominent player in the market.

With one of the largest property portfolios in Cyprus spanning residential, investment, commercial, and agricultural properties, Altia is revolutionising the real estate landscape.

Through the integration of cutting-edge technology, a team of highly skilled professionals, and a wide range of choices, Altia is setting new standards and paving the way for the future of real estate in Cyprus - an industry that's continuing to evolve - with key players recognising its investment potential in the coming years.

## OUR EXPERT TEAM

Altia owes its success to its team of over 70 skilled professionals in all cities, including property appraisers, civil engineers, land surveyors, and architects. With their decades-long profound knowledge of the Cypriot real estate market and extensive experience, Altia's team offers unparalleled expertise.

Whether clients require property appraisals, legal guidance, or architectural insights, Altia ensures a comprehensive approach to every step of the real estate process, from the inception of the thought right at the doorstep of the client's new property.

The team's proficiency guarantees that clients receive personalised solutions tailored to their specific needs, an extremely important asset in a period where many properties are available and make it hard for the clients to browse them all.
